My girlfriend live in Thailand and she says that Thai girls in Malaysia are way better. I read that it's the same with Philippines if you were go there with your GF and her friend from the Philippines. She moved here 7 years ago, her twin sister is working here and she is living with her, I don't know how long her sister is staying. I am 20 and she is 22, her English is excellent, she loves my parents and she loves me, and she never wants to leave. My \$.02 im trying to pimp my GF out but she's a bit wary. i would have to split my time to two countries and i dont know if that's right. she's all for working but she doesnt have any ID. she doesnt have anywhere to stay besides a hotel room. i suggest we try a matchmaking agency but she's seeing someone who owns a car dealership and who sells cars and shes like the sales person who sells her boss' company stuff. it's just not working out. what should i do? should i keep trying, or give up and move on? Girl's name is Neng. She moved to Singapore from Saigon 7 years ago. I was in Thailand 6 months ago visiting my girlfriend and her sister. I used to work
