It is the first installment of the Leanna's Slice of Life series. The game has been downloaded over 5,000 times on Steam as of June 2017. Gameplay The game is isometric and is made up of a series of scenes. Most of the game is made up of small explorative missions where the player has to complete an obstacle such as opening a door or opening a chest. There are also long narrative sequences which require the player to progress through the story to achieve a certain goal and level. Plot The game is set in a world where demons exist. A group of six demons called the Sixborn have decimated the land, leaving only the human slaves in their wake. The demons are then exiled to the worlds frozen in time by a powerful ice god, and left to return to their human forms and have to try and reclaim their land, or continue on a new, better path. Development Leanna's Slice of Life was announced on April 19, 2016. It was designed by Kagura Games, the same team that created the best-selling fantasy game Paradise Kiss. The game is based on real-life events that the designer had when he was in college. He wrote the characters and he also created a world based on his real-life experiences. Reception The game received a warm reception on Steam. It has had a rating of 4.2/5 on Steam with a score of 4
