Description Unlock the door to a chic flat in London Cool and refreshing, this flat is beautifully designed. It has a contemporary design with carefully chosen lighting and fittings. The design of the apartment is well thought out, with clean lines and bright white walls. The spacious open plan living room leads onto a well appointed and newly refinished kitchen. The first floor bedrooms are spacious and bright, while the bedroom and bathroom on the lower floor offer a nice quiet sanctuary. The building benefits from an excellent location, being in the neighbourhood of the buzz of Regent's Park. The flat is in a quiet, off-street location, close to Kings Cross, and is only a few minutes' walk to High Street Kensington, the main shopping street of Kensington. The famous Hyde Park is just a stone's throw away. There are great pubs, restaurants, and the whole area has a relaxed, clubby vibe. The flat is in a renovated building of three floors. The lift is very practical and is well-kept, but we regret that it does not go to the first floor. The reception area is open plan and consists of a fully furnished and equipped lounge with a dining table and chairs. On the right side is a fully fitted kitchen, a spacious bathroom, and a small bedroom with a double bed. The second floor is larger than the first floor and has a large bedroom with a double bed, a bathroom, and a living room. On the upper floor is another, smaller room, so can easily accommodate a third person. There are also double-glazed windows in the windows, which helps the building retain a cool and fresh feel. The flat is in the quiet rear part of the building, so only neighbours above, to the right and to the left live right above. The house is a renovation of three flats. It contains two double bedrooms, a bathroom and a living room, while the third flat is divided into a kitchen, two bedrooms and a shower room. This is a great opportunity to get an apartment in a beautiful, quiet location, close to shops, restaurants, museums and parks. House rules The apartment is free of smoking in the flat, but we do allow a small amount of smoke in the other flats, as there are no smoking flats either. That is to say, you can smoke in the living room and maybe the balcony. Map Conditions Prices Weekly rate
