Do you have any idea how to archive and search all unsolved problems? I'm currently working on a personal project but I'm not sure how I can archive all of these problems? I am only interested in unsolved problems. A: I don't know about any aggregator web sites, but I believe at least one person, considered a pioneer in computer science, has kept track of unsolved problems. This gentleman, Heinz von Foerster, is often quoted as saying something like "The field is full of unsolved problems, as long as human thought is not allowed to investigate them." It took me quite a bit of effort to verify that this quote is not just a rumor, but true, but this site says that the quote is from "Time, Schmime, Schtimize", a page at margaretofmorris.org, but I don't know where that quote originally came from. For your investigation, you might just have to investigate yourself. A: In second thought, there are some other ways to archive unsolved problems. I have a very comprehensive archive of my own problem and solution attempts. In this archive, I think that I posted many unsolved problems that I'd like to solve and I may be able to help to find the solution for an
