The. 17 - Dynamic Machine Learning with Apache Spark - Deep Learning and Text Classification with Spark.Latest Topics Simplicity is not easy, and insight is not easy to come by. The perspectives gained from observing others are not themselves as simple. The perspective you take is never in the simple. It may look simple for you to get into the mind set of another, but what they are thinking or feeling is not what you are thinking or feeling. It is important to understand that if you are aware of yourself, you cannot be separate from anyone else. It is important to understand that if you are aware of your heart, you cannot be separated from everything else. For the most part, we are not aware of our hearts. I was deeply touched by the recent events in Egypt. Seeing how the government was overthrown by the people reminded me of my own childhood in India where I witnessed the people of India rise up against the British Government. My heart goes out to all of the people in
