results aren't coming for the
text after the brackets [] I have
an application with a database
and a GUI. I am now trying to
implement the search function. I
have the code that checks if all
the fields of a table match with
the search text and it stores the
results in an array. However,
when there is a search for "the
war", the results don't show the
following phrase. I'm using java
7 and here is my code: public
class Main { public static void
main(String[] args) { try {
